6XA

Wilcox Oil Company – RI Field Investigation: The EPA and ODEQ will continue Mobilization 2 remedial investigation activities at the site located in Bristow, OK, during the week of October 23, 2017. During this field event, the team will be out at the site collecting surface water, sediment, and subsurface data to delineate contamination. Work under this field event will be completed early November 2017. In addition, ODEQ and EPA, along with SKEO, will meet with property owners and local officials to discuss future use planning, future use expectations, and potential reuse opportunities. John Meyer, x6742.

WAR

Wilcox Oil Company – RI Field Investigation: The EPA and ODEQ began Mobilization 2 remedial investigation activities at the site located in Bristow, OK, during the week of October 16, 2017. During this field event, the team will be out at the site collecting surface water, sediment, and subsurface data to delineate contamination. Work under this field event will be completed early November 2017. John Meyer, x6742.
